Packaging Instructions and Decal Placement

D500-572-013

Place one bearpaw in box. Wrap the hardware in a piece of foam, so that the front package is only about 4" wide. Place that package into the bore of the second bearpaw. Then insert this second bearpaw into box on top of other bearpaw. Have the bearpaws nest into each other. Fill any excess space with foam to prevent any movement. Seal box and apply label D2729-3 as per instructions in QSR section 4.3.
